

TRISHA STAMM

New York, NY | (201) 439-3501 | trishastamm@gmail.com | [linkedin.com/in/trishastamm](https://www.linkedin.com/in/trishastamm)

PROFESSIONAL SUMMARY

Client-facing Data Scientist and Microsoft Certified Data Science Professional with hands-on experience in machine learning, statistical modeling, and data engineering. Skilled in writing efficient code using Python, SQL, R, and PyLearn2 to extract actionable insights from complex datasets. Proven track record of building predictive models, optimizing CRM database workflows, and presenting technical solutions to clients and cross-functional stakeholders. Fluent in English and Portuguese.

TECHNICAL SKILLS

- **Programming Languages:** Python (PyLearn2), R, SQL (Advanced SQL, Snowflake, BigQuery), Git/GitHub.
- **Machine Learning & Modeling:** Predictive Modeling, Linear & Logistic Regressions, Random Forest Regressor, Support Vector Machines (SVM), Trend Forecasting, Statistical Significance Testing, Decision Trees.
- **Data Engineering & BI Tools:** Data Cleansing & Normalization, Dashboard Architecture, Automated KPI Tracking, Looker, Power BI, Advanced Excel (Macros, Pivot Tables).
- **CRM & Operations:** Enterprise CRM Administration (Zoho CRM, Salesforce), Workflow Automation, Process Improvement, Data Quality Standards.
- **Professional Skills:** Cross-functional Collaboration, Client Presentations, Stakeholder Communication, Technical Writing, Reusable Code Library Development.
- **Languages:** English (Native/Fluent), Portuguese (Fluent), Spanish (Conversational).

WORK EXPERIENCE

Data Scientist

Exend Capital Inc. | New York, NY | 2013 – 2017

- Designed, built, and deployed predictive machine learning models for potential financial holdings, outperforming historical investment returns by 20%.
- Developed automated ML tools calculating adjusted P/E metrics, improving stock price prediction accuracy by 25% over traditional financial figures.
- Cleaned, transformed, and queried complex unstructured datasets using Python and SQL to deliver actionable insights to executive fund managers.
- Translated complex technical concepts into strategic data science solutions for internal decision-makers and cross-functional teams.

Junior Data Scientist

Supracy Real Estate Inc. | New York, NY | 2012 – 2013

- Partnered with cross-functional teams to optimize customer relationship management (CRM) databases, improving data quality and user workflow rules.
- Implemented targeted data analytics and customer segmentation models that increased repeat business among real estate investors by 25%.
- Standardized contact data normalization, reducing wasted phone and email outreach cycles by 57%.

Freelance Data Scientist & Open-Source Contributor

Various Projects | 2012 – 2017

- **FootForest Project:** Applied Random Forest Regressor and predictive statistical modeling techniques in Python to model complex trends.
- **PyLearn2 Open Source:** Authored and contributed modular, reusable machine learning code on GitHub for open-source AI frameworks.

EDUCATION

Bachelor of Science in Statistics

Syracuse University | Syracuse, NY | Graduated 2012

- **Focus:** Machine Learning, Data Science, Decision Trees, Regression Analysis, SVM.
- **Leadership:** President, AI Club.

CERTIFICATIONS

- Microsoft Professional Certificate in Data Science (10-Course Specialization)
